

Brahma Kumaris Environment Initiative

**Disaster Preparation
and Management**

As per latest scientific news from UN Climate and Bio Diversity Conferences, the planet is at the brink of collapse. Such a disaster can disrupt essential services such as water & food supplies, electricity, healthcare, sewage/garbage removal, transportation and communications. We all are aware about the time we are living in. Hence it makes sense to be prepared mentally and physically as best as possible.

Be Prepared, Recover, Respond and Help

**Brahma Kumaris
Disaster Preparation and Management**

- Prepare a plan and allocate funds
- Create provisions and supplies
- Be Ready - Be Steady - Stay Calm
