

Brahma Kumaris Environment Initiative

Brahma Kumaris' activities at the EU Sustainable Energy Week Brussels, Belgium 2018

Lead the Energy Transition

On the 6th and 7th June, BK Environment was invited to host "Energy Morning Meditations" at the European Commission's, annual High-Level Policy Conference in Brussels under the umbrella of the EU Sustainable Energy Week. At 8.30 each morning Sister Jayanti, Sonja, Kathryn and Golo met in the beautiful Residence Palace with an enthusiastic group of people.

Sonja started with 10 minutes of Chi Gong, followed by Sister Jayanti who guided everyone into a meditation experience circling around our inner energies. Golo ended with a brief introduction to the BK solar activities in India and their spiritual connection.

This is the first time in the High-Level Policy Conference that meditation was part of the official program. Everyone enjoyed the sessions and the organisers hope such programs will continue in the future.

EU Energy Week Team 2018 –

- Kathryn, Brussels;
- Sonja, Denmark;
- Sister Jayanti, India and
- Golo, Germany.

During the conference there were many opportunities to network and share the work about Eco Brahma Kumaris.

Later in the morning, we met with the Adviser to the Vice President of the European Parliament, Mr Fearghas O Béara and his team. We discussed at length the input of faith-based organisations into the policy process in the EU and possible input from BK environment initiative. We also explored possibilities for future collaboration.
